Website: <http://www.towson.edu/asld/speechlanguagehearingclinic/>

The Speech, Language and Hearing Center at Towson University is dedicated to improving all types of communication disorders. Their professional staff and student interns provide evaluation and treatment services to a wide variety of clients. Clinical services are available to everyone, including children and adults from the surrounding community as well as Towson University faculty, staff, students and their families.

The Speech, Language and Hearing Center is a non-profit, fee for service clinic. Fees are due when services are provided. Insurance forms are provided for clients who want to seek reimbursement from their health insurance companies. The clinic is a provider for Medicare and Medical Assistance. A schedule of fees is available upon request. Towson University has a Hearing and Speech Clinic can assess hearing loss.

## Online Health Care Information

**DeafDoc.org** <http://www.deafdoc.org/>

DeafDOC.org is your site for free, reliable healthcare information, both directly and indirectly, for the Deaf and Hard of Hearing (D/HOH) community. DeafDOC has separate areas for the Deaf and Hard of Hearing (D/HOH) community, Interpreters, Healthcare and Educational Providers and Institutions and others!

**DeafMD.org** <http://www.deafmd.org>

**Mission:** To provide clear and concise health education in American Sign Language to promote the overall wellness of the Deaf & Hard of Hearing community.

**Vision:** To be recognized and respected as the leading provider of health education and information to the Deaf & Hard of Hearing community.

**LifeLinks Health Care ASL Educational Video Series**

<http://www.lifelinksvrs.com/videos.html>

Each video is narrated in sign language by a medical professional, and our series of videos offers a variety of tips and suggestions related to a wide range of medical issues.

**Network of Care** <http://networkofcare.org/home.cfm>

Network of Care is a highly interactive, single information place where consumers, community-based organizations and municipal government workers all can go to easily access a wide variety of important information. The resources in this "virtual community" include a fast, comprehensive Service Directory; links to pertinent Web sites from across the nation; a comprehensive, easy-to-use Library; a political advocacy tool; community message boards; and many others.
